Special Directors Meeting

By John Samsky

Most of the nominees for the first annual Red Brangus Superior Heifer Futurity were delivered to the Palomino Ranch over the Labor Day Weekend. They will be on feed there from now until sale date on December 1. Prospective buyers and other visitors are welcome at any time to come by and watch their progress. I was there on Sunday to take a look and I have to say, the quality is terrific! The competition for prize winners will be real tough. Remember that each ranch was allowed only one entry, so each and every heifer is top of the line. This sale will offer an unprecedented opportunity for you to acquire top notch females that plainly cannot normally be bought at any price.

Big Texas Delegation Expected to Attend RAA Convention

Denton — Proposed bylaw changes of the Red Angus Association of America to be considered during its 25th anniversary convention in San Francisco Oct. 29- Nov. 4 are expected to attract a large delegation of members from Texas.

Mike Sweet, executive director, said consideration will be given to reorganizing the regional structure of RAAA which would reduce the number of national regions in Texas from two to one, and possibly causing the same reduction in national districts from Texas.

Gayle Ingram, Guilmann, the new Texas president, said his term will expire at the end of this convention. The directorship held by Ingram will become an at-large directorship to be filled from all over the U.S. "With a large enough voting delegation from Texas, the state could still hold that directorship," Sweet said. Clifford Hoffmann, Rowena, president of the Texas Red Angus Assn., is the other director and his term on the national board does not expire this year.

THE BIG RED

WORKIN' MAMMA

She's Big. She's Red. And she works 365 days a year. What more can a cowman ask for?

There is really nothing spectacular about a cow cycling regularly, breeding normally, giving birth to a thrifty healthy calf, producing enough milk to raise and wean that calf off a prolact and all the while is able to maintain her own condition and repeat the process again and again.

For the Red Angus' cow that is not spectacular. She was designed to be "efficient" and she is. This is why she is known as the Big Red Workin' Mamma.

Ronald Reagan To
Keynote Red Angus
Convention Nov. 1

Denton — Red Angus Association of America members will "kick off" their twenty-fifth Annual Meeting in San Francisco on November 1, 1978, with the men Americans are talking about, Ronald Reagan.

Reagan will keynote the Silver Anniversary Event at the Annual membership luncheon, which this year will be open to the public. Red Angus breeders from across the United States will serve as hosts to the beef industry. Ronald Reagan was born and reared in Illinois. He earned his college degrees in economics at Eureka College there. Then he became a radio announcer in Iowa, first at Davenport, then in Des Moines. One year, when he went to California to cover the Chicago Cubs' spring training, he ended up taking a career test that launched him on a new career that included 55 feature-length films. Later, he became host of television's "General Electric Theater" and "Death Valley Days".

He was also a horse cavalry reserve officer and during World War II he was Captain in the Air Force. And during his film career he was six times president of his union, the Screen Actors Guild, where he learned the art of contract negotiations.

Then in 1968, at the urging of many of his fellow Californians, our speaker ran for Governor. He was by a landslide and was reelected in 1970. During his eight years as Governor he arose California's red ink, put the state in the black, and turned back to the taxpayers \$5.7 billion in tax credits and rebates. And, his welfare reforms have become the model for many other states.

In late 1976, our speaker responded to another call from thousands of his fellow citizens and became a candidate for the Republican nomination for President. Once next to 10 million Americans supported him. When he missed the nomination by a whisker, he turned around and campaigned for his party's ticket in 1976.

He has a nationally-syndicated radio program five days a week and a newspaper column twice a week. He is chairman of Citizens for the Republic, the organization which supports many candidates from his party. He travels widely and is one of the nation's most sought-after speakers.

Tickets for the November 1 luncheon are available through the Red Angus Association of America, P. O. Box 776, Denton, Tex. 76201, (817) 387-3502, or through the Grand National Livestock Exposition, Box 34200, San Francisco, GA, 30134, phone (404) 584-2480.
